

ART@SOUTHLANDS

The Cross & The Crown

April 7, 2019 - June 9, 2019

The current exhibit includes artwork inspired by the congregation's recent journey through the Gospel of Matthew. Two symbols central to his message of encounter with the person and work of Jesus Christ, also served to guide our movement together as his body: the cross and the crown.

Artists were encouraged to explore themes that these symbols represent, including passion and presence, guilt & glory, sacrifice and status, misery and ministry, rejection and royalty, injustice and institutions, crime and kingdom, death and life, suffering and glory.
